Questions to Ask Car Companies

- What car types, sizes, and colors are available? How many people can comfortably fit into one?
- What about amenities—TV, telephone, bar, sunroof?
- Is there a special wedding package? (If the company specializes in weddings, you may get perks such as balloons or champagne flutes.)
- Is the company a member of the National Limousine Association (or another professional association if you're renting a trolley or buses)?
- If you contract for multiple cars, can you get a group discount?
- Are you responsible for the cost of gas or mileage, or do the cars come with a set amount of free miles and gas?
- What does the driver wear? (It may or may not matter to you whether it's formal clothing, but you should still ask so he or she doesn't show up in jeans.)
- Can you see a copy of the operating license and insurance certificate?
